We engage with partners from inside and out with IRAC to ensure the needs of every young person are met.

IRVINE ROYAL ACADEMY

Ambition - Respect - Responsibility

WHAT IS THE SIR?

Our Secondary Inclusion Resource (SIR) is an enhanced support resource. It is available for targeted young people across our school community.

Young people within SIR will benefit from enhanced approaches to their curriculum. This will better enable them to get the most from their education within Irvine Royal Academy.

ACADEMIC PROGRESS

Working in collaboration with subject teachers, learning will continue in the SIR and will compliment the high quality learning & teaching each young person receives across the school.

We promote our non-negotiables in the SIR:

- All pupils will be welcomed into a nurturing and caring environment with appropriate supports put in place to help them to attain and achieve.

WHAT SHOULD YOU EXPECT?

Staff within the SIR will ensure that each young person is at the heart of the planning process. Their views are so important to ensuring their success.

Staff will update you regularly with interventions and progress. We will work collaboratively with you to look at further supports that may be needed to ensure barriers are addressed and each young person achieves.

This will enhance the learning experience for our young people.
